Do you want your submission marked as confidential? *	No
Do you want to receive future notifications and updates on the PNF Review? *	Yes
Which of the following best describes you? *	Environmental organisation
Which draft PNF Code are you providing a submission on? *	Northern NSW

My comments

I am horrified abhorred frightened disgusted knowing that whats left of the torched remaining habitats of Australia's wildlife some represented on the Australian Coat of Arms and more specifically the Koala Groups will continue to be logged relentlessly. Considering the immense scientific facts in regards to the extinction of wildlife and habitats across Australia and the Planet being ignored by capitalists. What will we say to our children about destroying the natural world for the sake of greed and profit. Life is not economy its family, community, environment. Have you seen the road sign for Myrtle State Forest outside of Casino NSW. I quote "OUR FORESTS ARE IN SAFE HANDS" this is a monumental blatant lie which proves I am living with a government that is more resembling the Trump approach that uses lies and pits groups against each other. We are custodians of this marvellous creation it does not have dollar value as a human does not have dollar value. Who do you think you are "GOD" that you have jurisdiction over life that can be bought and sold and governed over because of your capitalist allegiance's (acknowledging not all capitalists are habitat destroyers and some fabulous champions of the environment). As women have always been oppressed and ruled over by the more physically stronger patriarchy we NOW find ourselves and our planet in an environmental apocalyptic age… STOP logging our most precious gift of life Animals and Environment.

ENough is enough!
Save the Banyabba Koalas

MYRTLE STATE FOREST

1 half hrs South Of Lismore

STOP logging the remaining forests

AUSTRALIA
