The following questions are a guide to assist with your submission. These are optional and you may answer any or all of them. Please send us your response to the questions below in a separate document.

1. What improvements should the NSW Government consider making to the existing Private Native Forestry Codes of Practice (Northern NSW, Southern NSW, River Red Gum forests, and Cypress and Western Hardwood Forests)? Please specify which Code you are referring to. *- the code needs to consider the impact of logging trees under 40cm.*
2. Do you have any suggestions to ensure the Private Native Forestry regulatory settings are efficient, enforceable and effective? *- Stricter requirement to keep smaller trees under 40cm - higher basal area of big small trees.*
3. How can the NSW Government improve the authorisation and approval system for Private Native Forestry? *- SIMPLIFY - locally who reach all that stuff.*
4. What training and advice services would assist landholders, industry and the community?
5. Do you have any other comments or feedback relevant to Private Native Forestry that you would like to share with us?  
*- How can land owners be responsible for rogue contractors.*
