

11-1-2019

In October 2015 the Roads & Maritime Service
acquired 8.838 ha of land off [REDACTED]
& 3.127 ha off [REDACTED] off our property
under the Land Acquisition Act.

This land grew the best hardwood timber
on our property.

In my view there was other clear land
that could have been used for the
Dual Highway, but our land had a
big sandstone hill which produced
thousands of metres of cheap fill at
the expense of the trees.

What a Joke.
