2021-2022 South Coast Landscape Improvement Grants

Please tick the area/s of interest for your project:

- Installation of fencing to exclude stock from waterways and saltmarshes.
- Revegetation of riparian zones (land along edge of waterways) to improve bank stability, reduce run-off and improve habitat for native wildlife.
- Minor erosion control works along waterways affected by the 2019-2020 bushfires.
- Protection, enhancement and improvement of remnant native vegetation and wildlife corridors for threatened species such as glossy black cockatoo, threatened large forest owls and platypus.

Please provide a brief description of your project / what you would like to do:

What happens now?

1. We will contact you to arrange a site visit as soon as your EOI is received and processed.
2. We can then align your proposal with the appropriate grants program and prepare a project proposal with you.
3. Final project proposals will then be assessed by a panel against program eligibility criteria
4. If successful, you will be asked to sign a formal agreement with Local Land Services before receiving any grant funds.
