

What's possible when Greater Sydney Landcare, Bushcare and farmer groups **connect** and **create** the **future** together? *Common themes from the Greater Sydney Landcare and Bushcare Gathering*

What do you **value** about being part of the **care movement**?

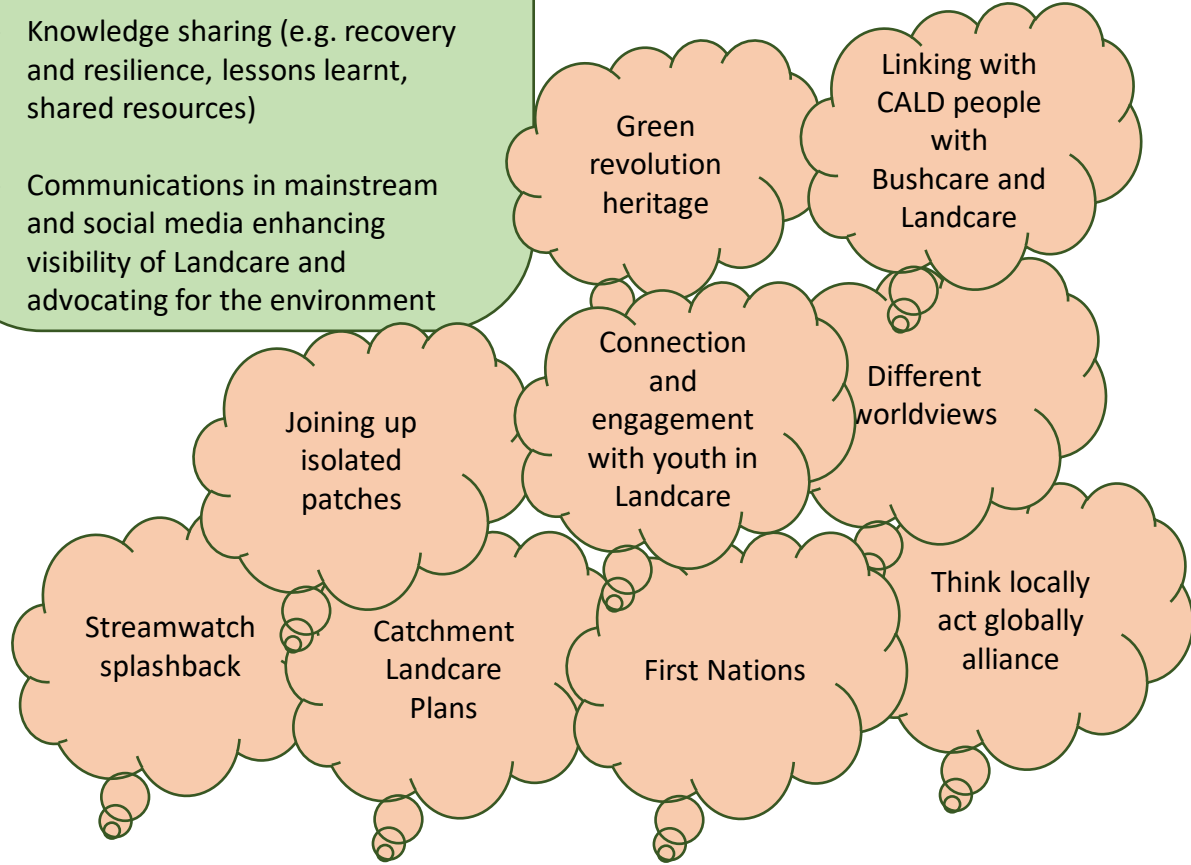

- What is **working well** in your group, network or organisation?
- Committed, connected, dedicated volunteers working together
 - A community that values empathy, self-growth, connection to nature, grounded work, local knowledge
 - Support and recognition from networks, local coordinators, local councils, government
 - Knowledge sharing

- How can we best **work together** as the Greater Sydney region to create the **future** we want?
- Networking and sharing across groups (meetings, events, open days, group exchanges, shared communications platform)
 - Knowledge sharing (e.g. recovery and resilience, lessons learnt, shared resources)
 - Communications in mainstream and social media enhancing visibility of Landcare and advocating for the environment

What are the **conversations** we need to have now to **create** the **future** we want?

- What do you **vision now** for your group, network or organisation?
- More members and volunteers engaging and sharing responsibility
 - A more diverse group, including youth, culturally diverse and First Nations people
 - More long-term funding

This initiative made possible by the NSW Landcare Program. A collaboration of Local Land Services and Landcare NSW Inc. supported by the NSW Government.
