**Name of your business or organisation:**

**1. What improvements should the NSW Government consider making to the existing Private Native Forestry Codes of Practice?:**

**Please indicate which code/s you are referring to:**

**2. Do you have any suggestions to ensure the Private Native Forestry regulatory settings are efficient, enforceable and effective?:**

**3. How can the NSW Government improve the authorisation and approval system for Private Native Forestry?:**

low intensity operations on private land should have a complying harvest standard so approval applications aren't required

**4. What training and advice services would assist landholders, industry and the community?:**

**5. Do you have any other comments or feedback relevant to Private Native Forestry that you would like to share with us?:**

\*confidential submissions should not be accepted \*all PNF landowners to receive written correspondence as many have limited or no internet access or use \*silviculture plantations should be aiming towards high grade mill timber rather than pulp/woodchip products \*back burning/hazard reduction fires should be included to reduce forest floor fuel and create seedling regeneration
