Expressions of Interest

Healthy Landscapes | Riparian Restoration Project

This project aims to create demonstration sites to illustrate the rehabilitation and enhancement of riparian habitat along named streams within the Central West Local Land Services (LLS) region.

To apply, complete this form and submit in person to any Central West LLS office, or submit as a PDF attachment via email to incentives.centralwest@lls.nsw.gov.au

Applications close Sunday 3 December 2023.

Applicant details (the person/s responsible for the project)

Given name: _____

Surname: _____

Full name of legal land owner (if different from above): _____

Legal trading name (if applicable): _____

Postal address of applicant: _____

Phone: _____ Mobile: _____

Email: _____

Registered for GST: ABN: _____

Property details (where project will be undertaken)

Property name: _____

Property address: _____

Distance/direction from nearest town (eg 20km east of Forbes): _____

Total size of property (ha): _____ Land tenure (freehold, leasehold etc): _____

Lot / DP of the proposed project area: _____

Project activities

Activity	Description	Funding cap	Tick if applicable
Stock-proof Fencing	Fencing to control grazing to allow regeneration to occur and improve groundcover. Boundary fencing is ineligible for funding.	\$7,000/km conventional, or \$3,500/km electric.	<input type="checkbox"/>
Alternative stock watering points	Available where stock access to water is removed due to project work. Limited to a maximum of one alternate watering point per paddock affected.	\$1,500/trough, \$3,000/trough and tank Where a trough/tank is not a viable option a dam may be considered capped at \$4,000/dam	<input type="checkbox"/>
Revegetation	Supplementary tubestock planting.	\$5/tubestock capped at \$1,000 per project for site preparation, planting and maintenance of native tubestock. Local Land Services will supply seed and/or seedlings.	<input type="checkbox"/>
	Direct seeding.	\$2.50/m capped at \$5,000 per project to support site preparation, and maintenance for direct seeding of native plants.	<input type="checkbox"/>
	Combination of tubestock and direct seeding.	\$2.50/m capped at \$5,000 to support site preparation, and maintenance of native tubestock and direct seeding of native plants.	<input type="checkbox"/>
Pest animal and weed control	Control in the project area.	Up to \$50/ha capped at \$1,500	<input type="checkbox"/>

Landholder eligibility checklist

Description	Check
Are you a NSW State Government employee, or applying on behalf of a NSW State Government agency?	<input type="checkbox"/>
Do you, or the organisation you represent, have a conflict of interest?	<input type="checkbox"/>
Have you previously had a project with Central West Local Land Services?	<input type="checkbox"/>
Do you have any outstanding debt with Local Land Services (including rates)?	<input type="checkbox"/>
Are you the land owner (title holder) or have you provided written permission from the land owner to apply for the funding?	<input type="checkbox"/>
Do you agree to comply with the project standards for the duration of the 10-year agreement, beyond on-ground works?	<input type="checkbox"/>
Do you agree to have all on-ground project works completed by May 31, 2024 ?	<input type="checkbox"/>

Applicants please note:

- Under the Local Land Services Act 2013, applicants who accept funding for project activities may be ineligible to use the funded activities or project sites in future proposals for clearing of Native Vegetation.
- Successful on-ground activities will be subject to a 10-year agreement from the completion of on-ground works.
- Funding availability is limited.
- Non-payment of rates and other Local Land Services fees and accounts may result in application ineligibility.
- Landholders who receive incentive funding must agree to have a Cultural Heritage Survey on the project site. This will be organised by Central West Local Land Services staff, at no cost to the landholder. Identified Aboriginal heritage values will be registered on the Aboriginal Heritage Information Management System (AHIMS) and will need to be protected as part of the project.
