

Riparian Habitat

Spot the differences

Riparian habitat is where plants and animals find a home along the edges of waterways. There are many signs that tell us if the riparian habitat is healthy or unhealthy. Can you spot the differences?

Write down the differences below or colour them in.

Play the video. Close your eyes. Listen to the sounds of the riparian zone.

Protect our waterways

Find-a-Word

Here is a list of some of the things we need to keep out of our local waterways to make sure they stay clean and healthy.

Complete the find-a-word to see where they are.
