Local Landholder Chemical Supply Program for Hudson pear (*Cylindropuntia pallida*) control

TO BE COMPLETED & RETURNED TO:

Todd Pallister Email: todd.pallister@lls.nsw.gov.au

The NWLLS Landholder Chemical Supply program is specifically designed to assist landholders to reduce the distribution and spread of Hudson pear around the core infestations and within the North West Local Land Services region.

0457 939 055

FOR ASSISTANCE, PLEASE CONTACT NORTH WEST LOCAL LAND SERVICES STAFF:

1. APPLICANT DETAILS						
Name:						
ABN and /or ARBN:						
	YES	NO				
Property Name						
Property Address:						
Town:			_Postcode:			
Identify the Lots and DPs for the project site:						
Lot			Deposited Plan			
Contact number:						
Mobile phone:						
Email:						
Postal Address (if different from above):						
Town			Dostoodo

2. INSURANCES / RESPONSIBILITY

- 1. Successful applicants must be able to provide a copy of a current, certified AQF3 chemical user's certificate for all persons carrying out herbicide control under this program.
- 2. It is the landholder's responsibility to hold and maintain Public Liability and Worker Compensation where applicable.

3. GUIDELINES

Activities NOT eligible for funding

- Statutory weed control
- Clearing of native vegetation
- Activities that have already been completed
- Chemical will not be supplied to contractors or sub-contractors on behalf of landholders

Activities eligible for funding

- Establishment of containment zones outside core infestations of Hudson pear to maintain/progressively shrink containment lines or manage new outbreaks.
- Local eradication of outlier incursions in strategic locations
- Core infestation area Assist landholders to create buffer zones around high spread risk zones/pathways on their property such as roads/tracks, infrastructure and property boundaries.

To be eligible you must

- 1. Be able to demonstrate that proposed activities are over and above any statutory landholder requirements for weed management under the Biosecurity Act 2015
- 2. Be willing to agree to enter into an Agreement for the provision of herbicide

Approved Landholders will be required to pick up chemical from designated locations within agreed timeframes.

NWLLS staff will not act as delivery agents for landholders and maintain the right to refuse service and or access to chemical at their discretion.

4. PROJECT DESCRIPTION Project description Describe what you intend to do in this project to establish a containment zone on your property. Include how you intend to manage this area (e.g., integrated control options, ongoing control management, stock management and/or fencing used).
