

## Draft PNF Codes of Practice Submission Form

*\*To make an online submission online go to [www.ils.nsw.gov.au/pnforestry](http://www.ils.nsw.gov.au/pnforestry) and follow the links*

The NSW Government is providing all members of the community the opportunity to comment on draft Private Native Forestry Codes of Practice as part of the Private Native Forestry Review (PNF Review). The PNF Review seeks to balance the sustainable development of the private native timber and agricultural industries while recognising the environmental values of the private forest estate. We're inviting your comments on the draft Private Native Forestry Codes of Practice for Northern NSW, Southern NSW, River Red Gum Forest and Cypress & Western Hardwood Forests.

The draft Private Native Forestry Codes of Practice can be viewed on the Local Land Services website at [www.ils.nsw.gov.au/pnforestry](http://www.ils.nsw.gov.au/pnforestry)

If the State intends to continue to remove personal property rights from the owners of privately owned native forests, the State should compensate them.

If the State wishes to encourage the protection of private forests, it needs to provide financial incentive to encourage landowners to replant and re-establish private forests.

Also I fail to see why carbon credits do not seem to get a mention including financial assistance.
